Clear is a Utah based company that understands the need for decentralization. They were an obvious choice to partner with, I've know them for years.

By giving each phone the Clear stamp of security, we can ensure all of our phones are free from Big Tech's spying eyes

ERIK FINMAN @erikfinman 56m

One of our biggest goals has been to make the world's best and most secure operating system.

We are now taking the best of Freedom OS and are now bringing in ClearOS onto the Freedom Phone. Now you have more freedom and privacy than you've ever known

Obama brought us ISIS, released #Taliban leaders & left soldiers & an ambassador to die Benghazi.

Biden, brought us the rise of the Taliban, #ISISK & left Americans behind to die.

Now before you say Trump or even Bush (whom I despise) remember both of these WERE preventable.

PRAYING FOR THE TROOPS with USAF Special Ops Tommy Altman (Afghanistan & Iraq) wrecked me 😭🙏🇺🇸

Watch, share and pray during the full thing on my FB. It was somber, powerful yet HOPEFUL in Jesus.

To say that today's loss of American lives in Kabul is sickening does not begin to do justice to what has happened. It is enraging. And Joe Biden is responsible. It is now clear beyond all doubt that he has neither the capacity nor the will to lead. He must resign

My further statement on Joe Biden's abject failure in Afghanistan that is costing American lives by the hour

"Our nation is forever indebted to the brave Marines who made the ultimate sacrifice today. And we remember as well the innocent Afghanis who needlessly perished. Joe Biden has now overseen the deadliest day for US troops in Afghanistan in over a decade, and the crisis grows worse by the hour.

"We must reject the falsehood peddled by a feckless president that this was the only option for withdrawal. This is the product of Joe Biden's catastrophic failure of leadership. It is now painfully clear he has neither the will nor the capacity to lead. He must resign."

We lost 15 American soldiers yesterday in an event that everyone knew was coming because of how the Biden Regime handled this situation in Kabul..

Meanwhile the liberals have #TrumpHasAmnesia trending..

They are showing you who they are, and they HATE America..

You left out the part where the widow was good friends with radical Dem Rep Fredrica Wilson who was supposedly "listening in on the call.."

This is an absolute shill hit piece, and it's pathetic to bring this up..

EVERYONE with a brain knew this was coming in Afghanistan..

> **Sherrilyn Ifill** @Sifill_LDF
> Remembering this ambush of U.S. soldiers in 2017, Trump's treatment of the widow of one of the soldiers, and the ensuing investigation that revealed this. And, of course, the silence from those now calling for resignations.

We lost 15 American soldiers yesterday in an event that everyone knew was coming because of how the Biden Regime handled this situation in Kabul..

Meanwhile the liberals have #TrumpHasAmnesia trending..

They are showing you who they are, and they HATE America..

Watching the liberals attack people for running efforts to get Americans out of Afghanistan as well as Afghan Christians shows you exactly who these people are..

They voted for Biden the Butcher, and they are proud of it... It's unbelievable how sick the Left is..

ONE FOR HISTORY BUFFS THAT I BET YOU DID NOT KNOW

In 1975, President Ford was left to manage the difficult ending of the Vietnam War. President Ford went to Congress for a relief package to allow American personnel and our allies to evacuate. However, there was ONE US SENATOR who opposed any such support. The result was the embarrassing and hurried evacuation from the roof of the American embassy in Saigon.

This senator reveled in the embarrassment and did everything he could to leverage it politically against Ford. To all my friends across the social networks. I have been relieved for cause based on a lack of trust and confidence as of 14:30 today.

My chain of command is doing exactly what I would do... if I were in their shoes. I appreciate the opportunities AITB command provided. To all the news agencies asking for interviews... I will not be making any statements other than what's on my social platforms until I exit the Marine Corps.

America has many issues... but it's my home. It's where my three sons will become men. America is still the light shining in a fog of chaos. When my Marine Corps career comes to an end, I look forward to a new beginning. My life's purpose is to make America the most lethal and effective foreign diplomacy instrument. While my days of hand to hand violence may be ending... I see a new light on the horizon.

You left out the part where the widow was good friends with radical Dem Rep Fredrica Wilson who was supposedly "listening in on the call.."

This is an absolute shill hit piece, and it's pathetic to bring this up..

EVERYONE with a brain knew this was coming in Afghanistan..

> Remembering this ambush of U.S. soldiers in 2017, Trump's treatment of the widow of one of the soldiers, and the ensuing investigation that revealed this. And, of course, the silence from those now calling for resignations. abcnews.go.com/International/

Office of Navel Intelligence putting this bullshit out?

Wtf is going on and this cannot be REAL? They can fckn pound sand

From the ONI Letter trying to keep everyone in line with the party line...

"Given the heightened political and social atmosphere surrounding Afghanistan, it is important to remind our uniformed personnel (active duty and reservists on temporary active duty) and MILITARY RETIREES of their responsibilities and obligations under Article 88 of the Uniform Code of Military Justice and Department of Defense Directive 1344.10. . . . uniformed personnel and MILITARY RETIREES are prohibited from disrespecting senior government leadership (e.g. the President, Vice President, Congress, Secretary of Defense, Service Secretaries, etc.).

Even for civilians, you are reminded of the danger that your public comments will/could be attributed to ONI or the Department of Defense. While you are entitled to your opinion and to share your opinion amongst those you know and trust, being too vocal in criticism of, say, the President or members of the military and civilian leadership may reflect poorly on ONI. It is important to share your opinions, if you choose to do so, in a professional manner that does not call into question your employment, the Department of Defense, or the federal government as a whole."

I'm sure getting the jab is really if importance to those trying to protect their loved ones and property from a massive Hurricane.. Guess who I don't take advice from on Hurricanes… The CDC… How stupid are Americans…

Follow these important hurricane preparedness tips from CDC:

- Prepare for a hurricane: Take basic steps now to ensure your safety should a storm hit.
- Get a COVID-19 vaccine as soon as you can. COVID-19 vaccines help protect you from getting sick or severely ill with COVID-19 and may also help protect people around you.
- Get emergency supplies: Stock your home and your car with supplies. Give yourself more time than usual to prepare your emergency food, water, and medicine supplies. Home delivery is the safest choice for buying disaster

Office of Navel Intelligence putting this bullshit out?

From the ONI Letter trying to keep everyone in line with the party line:

"Given the heightened political and social atmosphere surrounding Afghanistan, it is important to remind our uniformed personnel (active duty and reservists on temporary active duty) and MILITARY RETIREES of their responsibilities and obligations under Article 88 of the Uniform Code of Military Justice and Department of Defense Directive 1344.10. . . . uniformed personnel and MILITARY RETIREES are prohibited from disrespecting senior government leadership (e.g. the President, Vice President, Congress, Secretary of Defense, Service Secretaries, etc.).

Even for civilians, you are reminded of the danger that your public comments will/could be attributed to ONI or the Department of Defense. While you are entitled to your opinion and to share your opinion amongst those you know and trust, being too vocal in criticism of, say, the President or members of the military and civilian leadership may reflect poorly on ONI. It is important to share your opinions, if you choose to do so, in a professional manner that does not call into question your employment, the Department of Defense, or the federal government as a whole."

A couple of years ago I started calling the left demonic.

Not metaphorically, but literally. In the biblical sense.

People told me it was a bridge too far and I'd lose followers and influence.

I didn't, and not only do I stand by it, I'm doubling down.

The left are demons.

Wait why does it say "assault rifle"??

"AR" comes from the name of the gun's original manufacturer, ArmaLite, Inc. The letters stand for ArmaLite Rifle and not for "assault rifle" or "automatic rifle." ArmaLite first developed the AR-15 in the late 1950s as a military rifle.

Wait why does it say "assault rifle"??
"AR" comes from the name of the gun's original manufacturer, ArmaLite, Inc.
The letters stand for ArmaLite Rifle and not for "assault rifle" or "automatic rifle." ArmaLite first developed the AR-15 in the late 1950s as a military rifle.

13 Americans came home in flag draped cases for their dignified transfer. 11 Marines, a Navy corpsman and an Army soldier.

Today of all days you chose to mock their brutal savage deaths by comparing a jihadi suicide bomber to anti-max & anti-vax people.

You're a soulless ghoul.

> **Arne Duncan** @arneduncan

No right answers; cost of war, better than American's, price to pay, who cares?

Hard to get it perfect, though. I think retaliation is perfectly fine. It's too big a mess already not to let a little soup spill out of the bowl

7 buses of female American citizens taken by the Taliban? If this is not the top story tomorrow, something is terribly wrong.

The fact this isn't the Top Story in the Media today in America, is SHAMEFUL!

Emily Miller @em...er
"We're dealing with Kabul. There's 7 buses of female American citizens. The CG refused to open the gate. We have a congressman with us and he had the state department reach out. MG Donahue refused. 10 minutes ago the females were taken by the Taliban. They are likely dead now."

Imagine that an airliner ran out of fuel 90% of the way to its destination and crash lands with 90% of the passengers surviving. Would we consider that a successful flight or would we be asking why they departed without enough fuel?

I read the article and ensuing tweets. I've a good vocabulary, but had to look up nepiophile, hebephile, ephebophile, MAP, zoosexual, necrozoophile, zoosadist, fudanshi, pansexual, bi-aloric trans (even Google didn't know that one!), etc

I'm just gobsmacked

Posted by Cathy in Response to the Article:
"Having a sexual attraction to children isn't something people can control and demonizing people for things they can't control is stupid and wrong..."

Really, *Cathy*?
So I suppose psychopaths who are driven to kill shouldn't be demonized, huh? Pedophiles can call themselves whatever they want, but we still call them criminals. (Thanks to Mindy Robinson for the article exposing this lunacy.)

Why is every parent of a Marine lost in the horrific attack in Kabul at the airport that speaks with Joe Biden saying that this clown is talking more about his own son than their son..

This is ridiculous... What is wrong with this guy...

Its AMAZING to see all the liberal women cry because babies can't be murdered in Texas, meanwhile women are being torn out of their homes, stoned, raped, forced into marriage & killed in Afghanistan. Where is your outrage over Afghani women's rights? You really are nasty women.

Again, I don't advocate or criticize Ivermectin's use for Covid, as I simply don't know whether it helps. Talk to your doctor. But journalists passing Ivermectin off as "a horse dewormer" show their lack regard for hundreds of millions of our world's poorest people

I never thought I would see the day where America would admit adult men together with young girls they claimed as "brides".

Biden's incompetence is now facilitating child trafficking & importing it into our country.

America, we are so much better than this.

1. A woman has a right to choose.

Nobody has a universal "right to choose." We all agree that some choices must be prohibited. The question is not if women should be able to choose generally, but if they should be able to choose to intentionally destroy innocent human life.

55   303   3.5K

Matt Walsh @MattWalshBlog · 10h

2. Pro-lifers want to control women's bodies

The body in dispute is not the mother's. Again, the question is whether the body of the human in her womb can be intentionally destroyed. The child's body is the one at issue here, and we are the ones trying to defend it.

40   259   3.3K

Matt Walsh @MattWalshBlog · 10h

3. Pro-lifers are only pro-birth.

You have no data or evidence to support this stupid claim. Besides, our position is that babies in the womb have moral worth equal to babies outside. Of course we believe babies outside have worth. That's the whole basis of our argument.

51   242   3.1K

Matt Walsh @MattWalshBlog · 10h

4. The "fetus" is just a clump of cells.

The UK vaccine advisory board has just said that they WILL NOT be recommending vaccinations healthy 12-15 year olds for COVID-19.

In America, vaccine are being recommended for those 12 and older.

Very interesting to see this difference in approach.

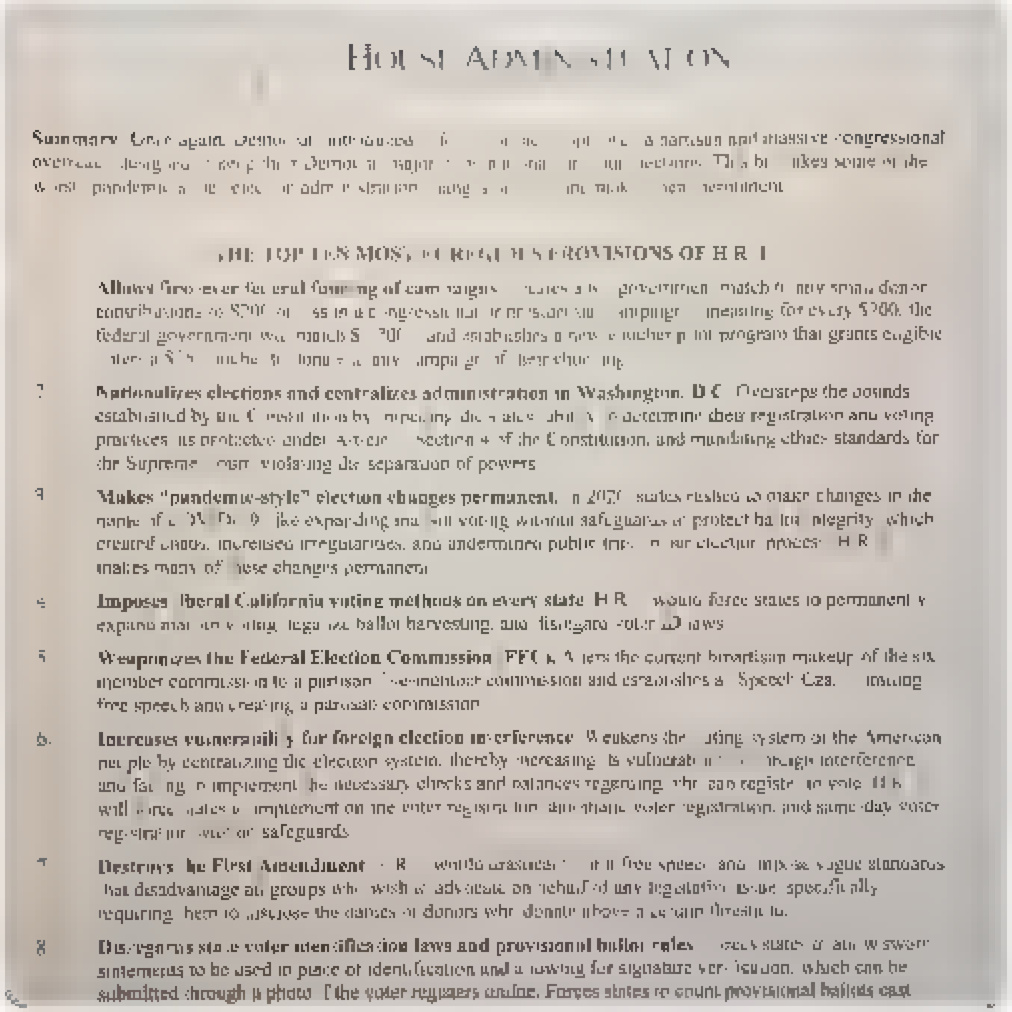
H.R.1 will destroy freedom as you know it. Doesn't matter the side you stand with. Wake up everyone, take time to read this.



Summary ... a partisan and massive congressional ...

THE TOP TEN MOST ... PROVISIONS OF H.R. 1

Allows first-ever federal funding of campaigns ...

2. **Nationalizes elections and centralizes administration in Washington, D.C.** Oversteps the bounds established by the Constitution ... the Supreme Court, violating the separation of powers.

3. **Makes "pandemic-style" election changes permanent.** In 2020, states rushed to make changes in the name of COVID-19 ... H.R. 1 makes many of these changes permanent.

4. **Imposes liberal California voting methods on every state.** H.R. 1 would force states to permanently expand ... ballot harvesting, and disregard voter ID laws.

5. **Weaponizes the Federal Election Commission (FEC).** Alters the current bipartisan makeup of the six-member commission ... limiting free speech and creating a partisan commission.

6. **Increases vulnerability for foreign election interference.** Weakens the voting system of the American people by centralizing the election system ... safeguards.

7. **Destroys the First Amendment.** H.R. 1 would ... free speech and impose vague standards that disadvantage all groups who wish to advocate on behalf of any legislative issue ...

8. **Disregards state voter identification laws and provisional ballot rules.** ... statements to be used in place of identification ... submitted through a photo ... Forces states to count provisional ballots cast

What bugs me about this isn't that it's a gay couple (no problem there, for me) or the fact that they're in a hospital bed (a little ridiculous, but whatever). It's that these twins' lives are considered precious by a hypocritical narcissist who loudly advocates for abortion.

So apparently Afghan Refugees on U.S. Military bases who were flown out of the country before Americans are hiding parts of their meals, then taking pics and complaining about poor treatment..

You might as well just send them to Ilhan Omar's district and get it over with..

It's crazy to see the many people who *want* unvaccinated people to die and are literally wishing death upon them just to prove their point.

That is the behavior of a dangerous religious cult, which is exactly what scientism is.

Pfizer has an extensive criminal history and the FDA has multiple examples of "approving" things that aren't best for human health.

But this time it's different! The one product no one can question— not even experts in their field. This one is different!

To me one of the biggest things plaguing both sides of the political aisle is the fact that people don't understand such terminologies as "It's the principle" anymore..

It's not should you or shouldn't you, it's the fact that they don't understand the meaning of this.

Today we celebrate the American worker—the entrepreneurs w/ their dreams & the workers w/their skills who built this nation. But it's troubling to see the disregard we now see for hard work. Almost every business is trying to hire people, but so many don't want to work. #LaborDay

With @POTUS45 Trump, the US had the strongest economy, some say since Eisenhower, & we had more people working than at any time in our history—but it's evaporating. COVID had an impact, but political mismanagement has dealt a debilitating blow.

Franklin Graham @Franklin_Graham 23m

Repeated stimulus payments & giveaway packages have encouraged people not to go to work. The Republicans seem to know how to get people to work and the Democrats seem to know how to tax your money and give it to people as an incentive not to work.

Franklin Graham @Franklin_Graham 23m

God created us to work. On this Labor Day, join me in thanking Him for His hand of blessing on this nation through the years. And pray for America and our leaders to turn to God and ask for His forgiveness, His mercy, and His continued blessings. That is what we need most.

Wait....what? 🤨

concerning developments around public policy that exposes your financial privacy.

The Biden administration has proposed requiring all community banks and other financial institutions to report to the IRS on all deposits and withdrawals through business and personal accounts worth more than $600 regardless of tax liability. This indiscriminate, comprehensive bank account reporting to the IRS can soon be enacted in Congress and will create an unacceptable invasion of privacy for our customers.

We work for our customers and our community, not the IRS. Join us in telling Congress that proposed IRS bank account profiling is intrusive and indiscriminate for our customers: https://www.icba.org/bank-locally/consumer-alert-from-icba

To me one of the biggest things plaguing both sides of the political aisle is the fact that people don't understand such terminologies as "It's the principle" anymore..

It's not should you or shouldn't you, it's the fact that they don't understand the meaning of this.
